

COMPONENTS

Dash mount

Phillips screwdriver.  
(NOT INCLUDED)

01

Using a Phillips screwdriver remove 1 of the 2 vehicle screws in the dashboard as shown.

02

Position the dash mount in line with the removed screw, and insert the mount's catch lip into the gap as shown.

03

Reinsert the vehicle screw and tighten to a snug fit.

#### WARNINGS

- Do not mount accessories in front of or near the path of airbag deployment.
- Check vehicle compatibility before installation to avoid damage to air vent bezel.
- Designed to work with OEM air vents. Not compatible with aftermarket air vent modifications.
- Do not mount heavy devices and/or use with long extension arms. Check the rated weight limit.
- Mount electronics away from air flow to prevent heat damage.

Self-installation instructions and advice are provided for your convenience. It is your responsibility to determine if you have the knowledge, skills, and physical ability required to properly perform an installation. Offroam shall have no liability for damage or injury resulting from the installation or use of any Offroam or third party products. It is your responsibility to ensure that all products are installed in adherence with local laws and regulations and in such a manner as to allow a vehicle to be operated safely and without distraction. Offroam product warranties do not cover the installation, removal or re-installation of any product.
